

NQT development

Newly qualified teachers are often keen to continue their professional development and benefit significantly from ongoing training focussing on more specialised areas than their PGCE qualification allowed. Once they are working fulltime in school running their own class, issues inevitably arise. Being able to offer sessions which are tailored to their needs can go a long way to imbed good practice and help NQT's share ideas, problem solve and develop their skills further alongside other new teachers in a small group setting.

NQT development can be offered in any of the courses offered by Andrea Smollen.

This training can be adapted and modified to suit the individual needs of the school/organisation. It could be delivered as either a one day, half day or series of twilight taster sessions but is most effective as a one day course (or over 2 half day sessions).
